The question of how the
number of scholarships to the different
classes of the B S T College is under
separate consideration in the EB. But
it is usual that the local bodies
and the public institute endowment
scholarships in local educational institutions
institutions of such private endowment
scholarship does not depend upon the
the number of scholarships already
available in any particular college,
nor the number of scholarships awarded by
the university - is decreased considering
the number of private scholarships available
1) therefore the recommendation of the
